HOW MUCH TIME DO YOUR EMPLOYEES WASTE AT WORK EACH DAY?

An overwhelming proportion of workers say they spend a significant portion of the day on non-work activities. In its annual Wasting Time at Work Survey, Salary.com reported that 89% of respondents admitted that they waste time at work each day. A small percentage even admitted they waste at least half of an eight-hour workday on nonwork-related tasks.

More hours in the day, it is one thing everyone wants, yet it is impossible to attain. But what if you could free up significant time? Maybe as much as 20% of your workday to focus on the responsibilities that really matter?

ARE YOU OR YOUR EMPLOYEES FRUSTRATED AND WASTING VALUABLE TIME HOLDING ON FOR CALL CENTRES TO ASSIST WITH YOUR MEDICAL AID OR GAP COVER QUERIES?

CMFS is the solution to your problem.

Finding the perfect fit between a client and a financial solution is what makes us tick and we are focused to deliver a more personalized service to you, our client, and your needs.

CMFS provides a full-service solution. On site consultations for individuals, groups, and companies. We can provide individual or group consultations on a once-off or continuous basis as per agreement.

We take pride in what we do and are committed to offer the best value and service through our experience.

TESTIMONIALS

BELOW ARE SOME OF OUR TESTIMONIALS FOR YOUR REFERENCE.

My father and I highly recommend Mrs Pikkie Pretorius for the medical aid advisory and brokerage services that she offers.

I must note that she is not yet my broker but will be when I upgrade my medical scheme at the end of the year. I was involved in my father's efforts to appoint her as his broker. Our recommendation come from personally experiencing her knowledgeable and exceptionally fast responses to the questions that we had. It also comes from using the advice she gave us to resolve certain problematic claims. My father and I were quite overwhelmed at how much effort she was prepared to put in to help us. This impressed us deeply. She knows her stuff backwards.

My father's experiences with his medical aid showed that there is a need for a good broker, one who understands the scheme's rules and can deal with, and resolve, the (all-too-many) problem claims. Dealing directly with the medical scheme is a most frustrating exercise and is quite often unsuccessful (I wonder at just how much money is sacrificed by doing the claiming oneself).

My father and I highly recommend Mrs Pikkie Pretorius for the medical aid advisory and brokerage services that she offers.

Pikkie really is phenomenal.

GREG AND MIKE FREEMAN, 6 MAY 2016.

It was great for me to be able to correspond with you regarding a medical scheme option. From the beginning, you were very helpful and always knew what you spoke about. Your knowledge of the various medical scheme options is outstanding. You recommended a suitable option for me and I'm now the proud client of Discovery Health. I will recommend you to anyone who wants to find out more or would like to join Discovery Health.

Thank you for your professional help and assistance.
ERNIE VAN NIEKERK, POTCHEFSTROOM.

With confidence, I can recommend the outstanding services of CMFS. They are very knowledgeable in their fields of business, no beating around the bush or there for personal gain. They truly have only the best intentions for their clients in mind and I can personally testify that you will not get a more personal, good, quick, and helpful service somewhere else!

Thanks, CMFS, you are the best.
MARISKA OOSTHUIZEN, PRETORIA.

With this email I just want to say that we received excellent service from Comprehensive Medical & Financial Solutions (Pikkie Pretorius). Within a matter of days, all our policies and our last will & testament was sorted out. Nothing was too much trouble, even though Pikkie had to visit me in hospital to sign the necessary documents; and everything was done on short notice by Pikkie with very good advice and insight from her side, it is highly appreciated.

Thank you for your excellent knowledge and to the best service there may be!
SANDRA OOSTHUIZEN, POTCHEFSTROOM.
